

# EventSource

The 1Source for All Your Event Planning and Production Needs

With 1Source's EventSource, handling your events from implementation to post-production has never been easier.

**EventSource** will revolutionize the way your company handles webcasts, seminars, investor meetings, new product roll out and much more.

What separates **EventSource** from other services is the sheer amount of customization available to the user. By tailoring **EventSource** to your company's specific needs, we are able to deliver a product and service that is not only perfect for the given situation, but also simplified to make the experience as stress free as possible.

**EventSource** provides a simple and user friendly experience. Our goal is to provide you with reliable applications and service to execute any presentation flawlessly.

## EventSource Benefits:

- » Accessibility: reach out to any audience, anytime, anywhere.
- » Complete production assistance: pre-event, during, and post-event management.
- » Personalized experience: work with our event production team to create an event customized to the needs of your presentation.
- » Event Profile: by collaborating with our production managers, develop an event profile to make future events seamless.
